

Description

SMD Technology Kit

Technical Specification:-

- Throat Diameter – 12mm.
- Upstream Diameter – 33 mm.
 - Upstream Taper – 10°.
 - Test Section (Venture).
- Downstream Taper – 17°.
- MOC – Acrylic (Transparent).
- Manometer : 0 to 300 mm, Seven Tubes (Flexible & Transparent).
- Reservoir Tank : 503 ´ 300 310 mm, Capacity – 40 Liters.
- Overhead Tank : 191 195 450 mm, Capacity – 16 Liters.
- Measuring Tank : 290 300 251 mm, Capacity – 23 Liters.
- Pump : 72 LPM, 0.5 HP, 230 V, 50 Hz
Level Indicator : 20 cm.
 - Body mounted type.

We are leading manufacturers, suppliers of SMD Technology Kit for Electronics Engineering Lab Equipments. Contact us to get high quality SMD Technology Kit for Electronics Engineering Lab Equipments for schools, colleges, universities, research labs, laboratories and various industries.

School Educational Instruments,
Hargolal Road, Ambala Cantt, Haryana
