

Product Code . SEL-EELE-11168

Electrical Machine Trainer

Description

Electrical Machine Trainer

Technical Specifications:-

- Experimental Board Rack (BR-6).
- Installation Capacity : 8 ea.
- 19 Types of Modules & Graphic Boards.
- 25 Types of Electrical Machine Assembly.
- Experimental Board Rack & Storage Trolley.
- Dimension : 1480 X 740 X 320 Mm (W x H x D).
- Board Storage Cabinet (BS-20).
- Storage Capacity : 13.

-
- Experimental Modules List :
 - Field Rheostat : 1 ea.
 - Starting Rheostat : 1 ea.
 - AC/DC Machine Load Unit : 1 ea.
 - Three Phase (Y-?) Load Unit : 1 ea.
 - Variable R, L, C Load Unit : 1 ea.
 - AC/DC Power Supply : 1 ea.
 - AC Volt / Ampere Meter : 1 ea.
 - DC Volt / Ampere Meter : 1 ea.
 - DC Milli ammeter : 1 ea.
 - AC/DC Machine Field Frame : 2 ea.
 - Auto Driving Unit : 1 ea.
 - Pole Changing Unit : 1 ea.

We are leading manufacturers, suppliers of Electrical Machine Trainer for Electronics Engineering Lab Equipments. Contact us to get high quality Electrical Machine Trainer for Electronics Engineering Lab Equipments for schools, colleges, universities, research labs, laboratories and various industries.
